Will you kindly read Mr. Lothian's demi-official letter No.1599, dated the 14th February, 1929, to the Foreign and Political Department, and their reply of the 10th June, 1929.

2. The position is that a number of schools have been opened under the five years' Educational Programme and that the question of confirming certain of the teachers has arisen. It was thought desirable before confirming the teachers to ~~have made~~ make the above enquiry from the Government of India.

3. I have discussed this with Mr. McAlpine and we agree that in view of the reply of the Government of India and of the fact that the recurring cost of the five years programme (roughly half a lakh a year) is borne by the Central Revenues as opposed to the Assigned Tract Revenues, it would not be advisable to confirm the teachers until the future intentions of Government are known. A copy of the correspondence may be sent to the Inspector of Schools, with a demi-official letter in this sense.

4. At the same time I do not think we need take the pessimistic attitude of the Government of India too seriously as they could hardly embark on an educational programme of this sort without the intention of keeping at going, though we may find that some of the cost will be thrown on the Assigned Tract Revenues.

The allotment sanctioned for the current year under the head "Account II-Education-D-Grants-in-aid to Non-Government Primary Schools-Grants-in-aid to local bodies for Primary Education (Five year Programme)" is Rs. 34,600/- . The Inspector recommends that a sum of Rs. 34,570/- may be paid to the President, Municipal --- Commission during the current year out of the above ---- allotment. In paragraph 2 he states that the total unspent balance under the recurring grant during previous years is Rs. 1194-1-10. On the analogy of the orders passed in para 5 of S.N. 63, the unspent balance should be deducted from the current year's grant. A sum of ---- Rs.34,[illegible]/- (Rs. 34,570-[illegible]) may perhaps be sanctioned for the current year. For precedent please see S.N. 54.

The file relating to the 5-year programme was ------ submitted to the Secretary in another connection.

Under the 5-year programme the Government of India sanctioned the entertainment of two additional teachers for the Government Training school i.e. 1 Graduate ------ Assistant (100-250), 1 Music Instructor (30). The ----- expenditure is met entirely from Central revenues.

The Inspector now proposes to abolish the post of Music Teacher with effect from the 1st October, 1929, and to create a clerk's post on Rs. 30/- per mensem . The savings under the five year programme cannot be utilized for other purposes without the approval of the Government of India.

The proposal of the Inspector to abolish the post of Music Teacher with effect from the 1st October, 1929, may perhaps be accepted and the Inspector may be asked to submit separate proposal for the creation of a clerk's post. The savings under the pay of Music Teacher (Viz. Rs. 150/- may be utilized for the construction of compound wall for the Government Training school. Draft submitted for approval.

To,

The Honorable the Resident in Mysore,

Bangalore.

Honoured Sir,

We, the arrack vendors and some of the residents of the Station, beg most respectfully to approach your honour with our long standing grievances with regard to the system in vogue of the sale of arrack shops and beg to place before your honour our humble proposals for your honour's kind and careful consideration which, if accepted, will be beneficial to the Government in the matter of revenue and us, who belong to the middle class in being able to bid at the sales of the different shops.

I. According to the present system, the licensee has to buy arrack at the Government Warehouse at Rs. 7-10-0 per gallon (Price 1-~~8~~2-0 and Duty 6-8-0) and sell at Rs. 12-12-0 per gallon (Rs.0-4-0 a dram). The difference of Rs. 5-2-0 per gallon (12-12-0 - 7-10-0) represents the profit which he makes on a gallon and the right of earning this profit ~~xxxxxxxxxxxxxxxx~~ for the year on a particular shop is sold in auction. The sale amount therefore depends on the approximate consumption of arrack for the year in a parti-cular shop, which is bound to be very high extending over thousands.

II. Therefore as the system stands at present, only men of considerable riches can possibly bid at the auction sales, who are, as your honour is well aware, very few, in fact 3 or 4 in number. These 3 or 4 persons combine, make a show of bidding and get the shops for as low a sum as

Five year programme of educational expansion in administered areas in Indian States.

With reference to Mr. Lothian's demi-official letter to Mr. Mukherji, No. 1599, dated the 14th February 1929, I am desired to say that the Government of India regret that it is not possible for them to visualise anything like a permanence of the existing programme at this stage. Since the programme was inaugurated the financial position has appreciably weakened, and, although, as an associated contributor, the Government of India have been doing their best from year to year to provide for the programme during the period of its currency, it seems difficult to expect it to be immune from retrenchments which are already in prospect. In the circumstances, I am desired to say that the desirability of your adhering strictly to the sanctioned programme and not incurring any commitments beyond its scope or duration.

2. I am to add that the Government of India propose to undertake a comprehensive review of the programme well before its expiration in 1931-32, with a view to necessary readjustments

readjustments being worked out well in time for necessary provision being made for them in the Budget estimates for 1932-33.

Sir,

"Construction of a compound wall for the Govt. Training School, Bangalore".

With reference to your No.4540/102-29, dated 23-5-29, I have the honour to enclose herewith an estimate for Rs.3374/- for providing a compound wall for the Government Training School, Bangalore, together with the two plans accompanying it.

2. The provision sanctioned for the work is Rs.2700/-, but the estimate amounts to Rs.3374/-, or an excess of Rs.674/-. This excess is due to the fact that the wall will be built with stone to be in keeping with the architecture of the school building. It will also be stronger than a brick wall for which the provision was made. I therefore strongly recommend that the estimate be kindly sanctioned.

3. If the Hon'ble the Resident has no objection, the excess of Rs.674/- will be met by reappropriation of funds from "Account II-Education-Grants-in-Aid to non-Government Primary Schools-Building and Furniture grants" to E-Special-E-2-Other charges-Miscellaneous".

I am directed to refer to paragraph 3 of your letter No.5094/57-24, dated the 11th July, 1929, and to point out that provision for the construction of a compound wall for the Government Training School has been made under the five year programme. Any extra expenditure required for the purpose should be met from savings under that programme and not from savings under other heads in the current year's Assigned Tract budget estimates. I am, therefore, to enquire whether any savings are anticipated, and if so, under what detailed heads under the grant of Rs.50,890/- sanctioned in Memorandum No.F.III(2)-R/28, dated the 15th December, 1928, from the Government of India in the Foreign and Political Department.

"Five year programme of educational expansion in the C. & M. Station, Bangalore".

Sir,

S.No.64 Pkg H

With reference to Memorandum No.F.111 (2) R/28, dated 15-12-28, from the Government of India, Foreign and Political Department, sanctioning a provision of Rs.50,890/- for 1929-30, in connection with the Five Year Programme of educational expansion in the Station, I have the honour to request you to be good enough to obtain the Hon'ble the Resident's sanction for the transfer of a sum of Rs.34,570/- to the Municipal Commission, C. & M. Station, Bangalore, to enable them to carry out the items mentioned in the enclosed statement.

2. In this connection I enclose a statement showing the recurring and non-recurring grants paid to the Municipal Commission in 1927-28 and 1928-29 to carry out the Five Year Programme, the actual amount spent by them and the amount remaining unspent on 1-4-1929.

(a) Recurring grant: The total unspent balance under this head is Rs.1284-1-10, as shown in column 7 of the statement.

(b) Non-recurring grant. The Commission did not take up building work during 1927-28 though they were paid a grant of Rs.12,600/- during the year. The work was commenced during the second half of 1928-29 and only Rs.1,496-4-0, was spent before 1-4-29. The accumulated unspent balance on 1-4-29 is Rs.24003/12/

From information received from the Municipal Office, I find that a sum of Rs.13,023-14-0, has been spent after 1-4-29, leaving a balance of Rs.10,979-14-0, or Rs.10,980/-. When this is added to the balance under recurring grant, the total grant remaining unspent with the Municipal Commission amounts to Rs.12,263-15-10 or Rs.12,264/-. I do not think it advisable to deduct this amount from the grant given this year, but propose that the Municipal Commission, be permitted to have the grants for the whole period of 5 years as a running account to be adjusted before 31-3-1932. Any amount remaining unspent on that date can be surrendered to Government.

I have the honour to be,

Sir,

Your most obedient servant,

possible. Merely to satisfy the excise regulations license is taken in their individual names, though they really share the profits of all the shops.

Men of ordinary means like us are shut out from bidding for want of a large capital, though we are actually the persons who do the real work and some of the so called licensees do not even know where their shops are located.

By such a combination among the very few rich men, the Government is deprived of its legitimate revenue and we men of ordinary means and who actually work in the shops are altogether shut out.

Any instances?

III. We further beg to state that though these few rich men are regular in the beginning in the matter of payment of revenue to Government, some of them become defaulters later on, as experience has proved hitherto and the Govern-ment have even found it hard to recover the arrears in some cases.

IV. In lieu of the present system, we beg leave to propose that the licensees shall be asked to purchase arrack from the Government Warehouse at Rs. 12-4-0 per gallon instead of Rs. 7-10-0 per gallon as at present. This will give the Government always in advance Rs. 4-10-0 per gallon as revenue as each gallon is purchased. There will be only a difference of Rs. 0-8-0 (12-~~8~~4-0 - 12-~~10~~12-0) which will represent the profit which the licensee can make on each gallon and the right of earning this profit of 0-8-0 per gallon may be sold in auction. This amount cannot be very high being calculated on the annual appro-ximate consumption of a particular shop at the said rate Rs. 0-8-0 per gallon. We beg to say that this amount will be within the reach of middle class men of our stamp, for which adequate securities and deposits may conveniently be given.

"Construction of a compound wall for the Govt. Training School, Bangalore".

Sir,

S.N.83 Educ D

R. N. 84.

With reference to your No.6811/83-26, dated 8-8-29, I have the honour to state that, as mentioned in my letter No. 2574/3-26, dated 26-8-1929, there is a balance of Rs.12,264, with the Municipal Commission out of the grant given to it under the Five Years' Programme. The excess may be met out of this balance.

Bangalore, the 23rd Septr., 1929.

CONSTRUCTION OF A COMPOUND WALL FOR THE GOVERNMENT TRAINING SCHOOL, BANGALORE.

Sir,

I have the honour to refer to the second paragraph of my letter No.1062, dated the 17th November, 1928, and to forward for the sanction of the Government of India an estimate for Rs.3,374/- for the construction of a compound wall for the Government Training School, Bangalore, together with two plans.

2. The allotment sanctioned by the Government of India for the work is Rs.2,700/-, but the estimate amounts to -- Rs.3,374/- or Rs.674/- more than the rough estimate. The excess is due to the fact that the wall will be built with stone, instead of brick, so as to be in keeping with the architecture of the school building and because it will be stronger than th brick wall which was originally contemplated. I recommend that the estimate may be sanctioned.

3. The excess of Rs.674/- will be met by reappropriati as shown in the enclosed statement, from savings anticipated under the five year programme for the current year.

4. I am to ask for the early orders of the Government of India so that the work may be proceeded with.

I have the honour to be,
Sir,
Your most obedient servant,

Sir,

"Abolition of the post of Music Instructor, in the Govt. Training School, Bangalore, and the creation of a post of Clerk for the school".

I have the honour to state that, in my opinion, the post of Music Instructor in the Government Training School, Bangalore, is a sinecure. The Instructor's duties are negligible. He has been teaching not the whole class, but only a few students who are supposed to have an ear for music. Nothing useful appears to have been done so far. It is not possible to allot more than one or two periods a week, as all the rest of the time is taken up by other subjects. Besides, music does not find a place in the "Scheme of Work for Training Schools for masters" laid down by the Madras Educational Department, and the Instructor cannot be given any other work to justify his entertainment. In these circumstances, I consider that the existence of the post is quite unjustifiable, and strongly recommend that it be abolished. The present incumbent has not sufficient service entitling him to a pension, and will be retired on a gratuity.

2. The post was at first temporary, and was made permanent in connection with the Five Years Programme of Educational expansion. It carries a salary of Rs.30/- per mensem which, I propose may be utilised in creating the post of a clerk for the school, as the Headmaster finds it inconvenient to do the office work in

in addition to his school work. If the Hon'ble the Resident approves, the post may kindly be created with effect from the 1st October 1929, and the Music Instructor's post may be abolished with effect from the afternoon of the 30th September 1929.

I have the honour to be,

Sir,

Your most obedient servant,

No. 8444 ENC.

83/1926.

FROM

Major G. Loch,
SECRETARY TO THE RESIDENT IN MYSORE.

To

The Inspector of Schools,

Coorg and Bangalore.

Dated Bangalore, 4th October, 1929.

Subject.

Abolition of the post of Music Teacher in the Government Training School, Bangalore.

SIR,

S.N.88

With reference to your letter No.2663/57-29, dated the 3rd September, 1929, I am directed to communicate the sanction of the Hon'ble the Resident to the abolition of the post of Music Teacher. As the appointment was not made permanent by the Government of India, it is regretted

S.N.80

that the Music Teacher is not entitled to any gratuity.

2. As savings under the five-year programme cannot be utilized for other purposes, I am to request that the proposal for the creation of a clerk's post may, should you think it essential, be submitted separately. Very full reasons should be adduced in support of any proposal that you may make and in particular the work in the Government Training School necessitating the employment of a clerk should be stated in detail, to enable the Hon'ble the Resident to decide whether, in view of the financial position, the appointment of a whole time clerk to do the work is justified.

3.

3. It is proposed, if you see no objection, to utilize the savings available under the pay of Music Teacher for the construction of compound wall for the Government Training School, which was built out of the grant sanctioned under the five-year programme.

I have the honour to be,
Sir,
Your most obedient servant,

Major.
SECRETARY TO THE RESIDENT.
